A Former Paducah Girl Meets
Her Death in Louis-
ville.Remains Brought Here and Buried—Formerly Miss Walker—
Died Yesterday.

The remains of Mrs. Rosa E. Burton, who died in Louisville yesterday from injuries received Monday, were brought in last night and interred in Oak Grove this afternoon at 3 o'clock. The deceased was formerly Miss Walker, of Paducah, and many of her relatives reside in Mechanicsburg.

The Louisville Post gives this account of her death:

Mrs. Rosa E. Burton died this morning at her home, 925 Dumesnil street, of injuries suffered last night. While trying to cross the railroad tracks at Ninth and Dumesnil streets, but a short distance from her home, she was struck by a switch engine and was thrown seventy-five feet. She was picked up unconscious, and was taken to her home, where it was found that her arm was broken, her body cut and bruised, and that she had suffered internal injuries, the latter causing her death. Just how Mrs. Burton happened to get in front of the engine is not known, but it is thought she stepped out of the way of one engine which had the approach of the one that hurled her to death. Mrs. Burton is the wife of James H. Burton, an engineer employed by the Globe Tanning company.

WATER SPOUT.

A Heavy Rain in Illinois Yesterday
Afternoon.

There was a water spout over in Illinois late yesterday afternoon between Unionville and the upper lake and the flood was tremendous. Some of the corn fields were submerged several inches in water when the storm subsided. This was especially true on the Kinneman place. The fields of Jim Kirk and a man named Giltner suffered worse.

Picnic parties suffered greatly, especially the one taken over by Mrs. Jas. Clements. Most of all they were drenched.

BIG PICNIC PARTY.

Mayfield Church and Sunday
School Coming Here.

Sometime this month the entire Presbyterian church at Mayfield is coming here to spend the day at La-Belle park, shooting the chute, and perhaps attending the matinee there. The exact date has not been set, but it will be about the middle of the month.

IS IMPROVING.

Switchman Fred Stewart, who had both legs cut off yesterday morning in the L. C. yards, was resting easy today, and may now recover, it is thought, having thus far survived the shock.

QUARTERLY COURT.

There were several cases before Judge Tully today. The most important was the case of M. Livingston against Dan Reek, for goods sold for cash, and delivered two days before the defendant failed. The judgment was in favor of the plaintiff.

The Brave Spanish Admiral Will Hold Out to the Last, Though
Escape Has Become Utterly Impossible.

CAPE HAYTIEN, June 8.—The latest dispatches from Santiago state that the object of Admiral Sampson's bombardment of the forts Monday was to silence their batteries so that his ships can remain at the mouth of the harbor and thus prevent the Spaniards from dynamiting the sunken Merrimac.

KEY WEST, June 8.—A dispatch boat just in says that Admiral Cervera has given orders to dismantle and destroy all the small vessels in Santiago harbor, and to use their guns in strengthening the defenses of Santiago. The Spanish admiral will make a desperate effort to prevent Santiago from being captured, and the work of mounting new defense guns is being pushed as fast as possible.

NO PEACE.

President McKinley Will Accept
No Peace Proposals But on
His Own Terms.

Washington, June 8.—There are intimations that the powers of Europe will propose peace terms soon, but McKinley will capture Porto Rico and Cuba before accepting any terms, unless Spain accedes to his terms. Spain must give up Cuba, Porto Rico and the Philippines.

AT CARDENAS

Two American Gun Boats Spread
Death Among the Span-
ish Soldiers.

KEY WEST, June 8.—News has been received here today of an attack upon a portion of the Spanish patrol army at Cardenas yesterday by two American gunboats. The gunboats fired at the patrol and killed 30 soldiers. The city was not shelled.

OVER HAWAII

The Stars and Stripes May Soon
Wave—Orders Have Been
Issued to That Effect.

WASHINGTON, June 8.—The monitor Monadnock, which will soon sail for Manila, has been ordered to raise the Stars and Stripes over Hawaii as a coaling station. The Monadnock has been ordered to sail just as soon possible. She may sail this week.

SPANISH REPORTS

Claim That Several American
Seamen Were Killed in Mon-
day's Battle.

MADRID, June 8.—Reports from Santiago say that the captain of the Texas and several other American seamen were killed by Spanish guns Monday. It is also denied that American troops made a landing, and that any damage was done by the American fleet.

NO LIVES LOST

On the American Fleet, Says Ad-
miral Sampson—He Denies
Spanish Claims.

WASHINGTON, June 8.—Admiral Sampson's report of the battle on Monday confirms the statement that no loss of lives to the Americans occurred; only two were slightly injured. Sampson also confirms the report of vast damage done to the Spanish forts and fortifications.

THE OREGON

Badly Damages Two of the Best
Spanish Ships in Santiago
Harbor.

MADRID, June 8.—The latest advices from Santiago admit that the Spanish cruiser Vizcaya and torpedo boat destroyer Furor were badly damaged by projectiles from the Oregon Monday. It is denied, however, that the Mercedes was sunk; 21 sailors lost admitted.

SPAIN'S
TERROR
SUNK.The Brave Torpedo Boat Tried
to Run Past the American
Fleet and Enter Santi-
ago Harbor.

THE TEXAS GAVE THE SIGNAL.

The Spaniards Admit That 500
American Troops Have Land-
ed Near Santiago, and Great
Damage Was Done.

OTHER DETAILS OF THE BOMBARDMENT.

Kingston, Jamaica, June 8.—A Spanish torpedo-boat destroyer, supposed to be the Terror, was shattered and sunk as she was trying to enter into the Santiago harbor Monday night.

Her destruction was accomplished in a few minutes, so terrible was the fusillade from the American ships. The torpedo boat destroyer was discovered by the lookouts on the battleship Texas.

The Texas gave the signal to the whole fleet as soon as the Terror was discovered which at once flashed their searchlights on the enemy and began a terrific cannonading. The Terror was sunk in a remarkably short time.

DONE IN THREE HOURS.

Jamaica, June 8.—Within three hours Monday morning the American fleet silenced nearly all the fortifications at the entrance to the harbor of Santiago de Cuba.

Four warships, under Commodore Schley, attacked the new earthworks to the west of the Estrella and Catalina batteries, while five warships, under Rear Admiral Sampson, attacked the new earthworks to the east of Morro castle.

The ships lay well inshore and silenced the Spanish shore batteries. El Morro was damaged despite Admiral Sampson's orders not to fire at it because of the danger of killing Lieut. Hobson and his crew.

The Vixen and Suwanee went far in and silenced a small inshore battery. Estrella fort was silenced early, being set on fire. Cavo bat-

tery was silenced and earthworks above it shelled.

Fire in the Catalina fort silenced the guns there. Not an American ship was injured, not a man killed and only one wounded.

A SPANISH LIE.

Washington, June 8.—It is still reported that the captain of the Texas, John W. Philip, was killed on Monday, but Secretary Long says there is no truth in the report, but it is only a Spanish lie.

STARTS SUNDAY.

Washington, June 8.—All transports for the second Philippine expedition have been secured and the expedition starts Sunday. It is expected that the Monadnock will sail at the same time.

CERVERA'S REPORT.

Madrid, June 8.—Admiral Cervera's official report of the battle Monday, says that three Spanish officers and six men were killed and thirty-five wounded, but says the damage to batteries was unimportant. The Spaniards also admit that 500 Americans landed near Aguadores, east of Morro. The drove back a Spanish force which offered resistance.

RELIEF FOR DEWEY.

Washington, June 8.—The navy department has given orders that the double turreted monitor Monadnock should make great haste to sail for Manila.

The Monadnock is a most powerful double turreted monitor. With twin screws and 3000 horse power engines, she is easily able to make twelve and a half knots an hour. Built on the general lines of the Amphitrite, she has better engines and more power than that monitor. She carries four ten-inch guns in two turrets, besides two four-inch rapid fire guns in a casemate and a numerous secondary battery. Her coal capacity is 250 tons in bunkers and almost as much more storage room can be found on the decks. Consequently the Monadnock has the ability to make a longer cruise than the Monterey with-

out replenishing her coal supply, yet her capacity is still too small to permit her to make the passage from Honolulu to the Philippines without aid.

With these two monitors Admiral Dewey will be fully able to take care of himself even should the much-talked-of Cavite fleet undertake to attack him in Manila harbor.

FIGHTING ABOUT MANILA.

Hong Kong, June 8.—The Philippine insurgents with the aid of the supplies which Admiral Dewey permitted them to take from Cavite arsenal, have administered a crushing blow to the Spanish forces in a series of engagements, practically shutting them up in Manila.

Since landing at Cavite two weeks ago, under pledge to co-operate with Admiral Dewey, General Aguinaldo, the insurgent leader, has gathered a force of 3000 men armed with Mauser rifles, and has made himself master of the situation of Cavite province capturing 1600 Spanish prisoners, 2000 magazine rifles and six field guns. His next move will probably be against Manila, which he is at present as closely investing on land as Admiral Dewey is doing by sea. The food supply of Manila has been entirely shut off.

WENT REPUBLICAN.

G. O. P. Wins in Oregon on a Gold
Standard Platform.

Portland, Ore., June 8.—The Oregonian said yesterday: The republicans claim they have carried Oregon by not less than 5,000 majority. This result has been gained on a platform distinctly declaring for a gold standard and against free silver. At Portland the republicans have elected the mayor and claim the whole legislative ticket.

The latest returns up to noon show large republican gains in every county of the state over the vote of 1896. Partial returns from twenty-five out of the thirty-two counties of the state show that Clegg (Rep.) for governor, will have about 19,000 plurality. Moody (Rep.), for congress in the Second district, will have a plurality approaching 9,000. Tongue (Rep.), is re-elected to congress from the First district by more than 2,000 plurality.

MEN OF MODERATE MEANS

Need no longer regard tailor-made clothes with fear and trembling. Dalton now makes clothes in his own shop, here at home—makes the clothes right, makes the bill right. It costs but a trifle more to wear garments that fit than those that a most fit. The acme of style and workmanship is ours. Drop in at 333 Broadway and see about that belated spring suit. You'll be glad you waited—it will cost you so little.

DALTON, THE TAILOR

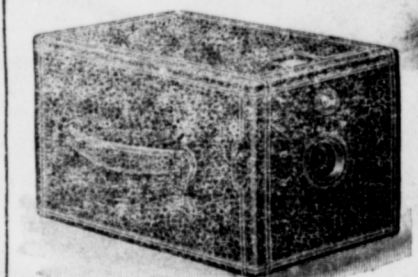

saw was a locomotive. He tugged heroically at the cord that was around him, and finally broke loose, only to rush into the hands of the rapacious boys that were waiting for him. The last seen of him, he was in the hands of the enemy, but a desperate effort was being made to capture the retreating foe.

HE GOT TWENTY-ONE.

Lieut. Wright, of the Tenth cavalry, left this afternoon for Henderson, after securing twenty-one recruits for his regiment.

Four of these were sent to Ft. McPherson, Ga., yesterday, ten this morning, and seven will be sent today. They are all residents of Paducah, and this afternoon there were at least a dozen desiring to be examined when the lieutenant left for Henderson. He thinks he did fairly well, while in Paducah.

Those who enlisted are: Frank Logan, Harry Smith, Allie Rogers, John Bufort, Earnest Cherry, Lindsey Morgan, Albert L. Higgs, Wm. Harper, James Turner, Wm. Patterson, James Black, Luke Merriweather, Tillman Rowlett, James W. Campbell, Wm. McMichael, Clarence H. Owens, Wm. Skelton, Wm. Nolen, Joseph Cheatham, Thomas O'Neal, Isaac Journean.

The matrimonial weather bureau of the Six predicts a wedding within two weeks of parties doing business in the Six office block.

Mr. and Mrs. Z. C. Graham were in the city yesterday. The report that Mrs. Graham was very ill, having suffered a relapse, was an error. She was able to come to the city.

Mr. J. H. Peiper, whom a contemporary reported as being in a precarious condition, has returned home greatly improved in health, and was on the street this morning greeting his many friends.

Miss Jimmie Bowles, the popular young lady of Hopkinsville who is visiting Mrs. Geo. Katterjohn, leaves tomorrow for Golconda on a week's visit, before returning to her home in the former place.

Mr. N. J. Dillard manager of the Equitable Life Assurance company left this morning for Princeton, Ky. He has just closed contract with Messrs. Guese & Lisabny of that place to represent his company in Caldwell county. Parties desiring good contracts to represent the Equitable in Western Kentucky will find it to the advantage to write Mr. Dillard care of the Palmer house Paducah Ky.

A PLEASANT VISIT.

Little Gertie Cochran now in Paducah. Her Wonderful Mind.

Little Gertie Cochran, the child wonder who created such a sensation at La Belle park last night, was a caller at the Six office this morning.

The little miss is eight years old, and is a bright and pleasant little creature, with a captivating way that cannot be resisted. She is despite her wonderful ability very diffident, and does not seem to realize what a remarkable person she is. She is courteous and polite, and her head has not been turned by flattery, although she has been lauded and admired from Maine to California.

Miss Cochran was born not many miles from Paducah, in Mt. Vernon, Ill., and her phenomenal mind was first noticed when she was one year old, by her mother. The child would listen to what the older folks were saying, and the next day without difficulty would repeat whole conversations to her mother. In this way it became known that she could remember anything told her, either in figures or in some foreign language. At three years of age she went on the stage, and has traveled constantly since, and played as much as twenty weeks in Chicago alone.

She can tell without a moment's hesitation, the population of every city in the world of over 100,000 inhabitants, and can answer most any other question that can be answered. She has yet to be defeated in her exhibitions.

Her manager, Mr. Cook, is of Mt. Vernon, Ind., and has also been all over the country, and says the child never fails to attract the greatest attention where ever she goes. She can remember whole passages of foreign languages, and thinks she will encounter no difficulty in learning French.

While the young lady is in Paducah, she will no doubt be seen by large crowds, and will win deserved popularity. She is considered the most wonderful child in this line in the world.

AN OLD SWITCH.

The sewerage excavations at Broadway and Fifth have uncovered the old switch placed there several years ago, and never taken up, but covered over. Now is a good time to take it up, and it is suggested that it be done. The old timbers and stone can be seen now.

CASE LEFT OPEN.

Only One Trial in the Police Court This Morning.

J. R. Coleman, the one-legged barber arrested in Memphis Saturday and brought here to be tried on a charge of obtaining money by false pretenses, was tried in the police court and the case was left open until 3 o'clock.

The evidence developed the fact that Coleman sold the chairs to Frank Lawrence with an understanding that he was to redeem them in 60 days if Lawrence still had them. Lawrence would not state positively that Coleman represented that the chairs and other property were his, and that there were no liens, mortgages, or anything else on them. He said he did not remember.

Constable Patton testified that an attachment was taken out on the furniture by the Peoples' Electric Power and Light company, but admitted that he never served any papers on Coleman, but as an employee there. Coleman claimed he knew nothing about the attachment, and the case was left open until this afternoon.

FRANCHISE TAX.

There is a Chance For Trouble Over It.

Last night the board of education delegated a committee to confer with the council and ascertain if the franchise tax affair cannot be settled amicably. There is a good prospect now of trouble.

The school board has always wanted all it could get out of the council, and has generally got all it wanted. It has been accustomed to receiving its regular quota of the franchise tax, just like any other tax, and the sum is several hundred dollars, and the council paid it without hesitation.

Mayor Lang has looked up the law, however, and decides that the school board is entitled to no part of the franchise tax, and that the city will not pay it. He is borne out in his opinion by the city attorney, and when the tax was compromised with the corporations not long ago, it was done for half the amount claimed by the city, the portion that would have gone to the board of education and the portion for sewerage, were knocked off, the council deciding that corporations could not be taxed for school purposes, because the school tax, as well as that for sewerage, had otherwise been provided for.

It is understood that the council has decided that the school board shall not have any part of the franchise tax this year, and the board is firm in its determination to have the usual proportion.

ALL FOR NOTHING.

Last night Officer Hughes and several others "arrested" six or seven cows in the lower part of the city, and drove them to the nearest convenient place, a lot belonging to Barry & Henneberger. The bovines had violated the law, and were impounded under the new ordinance.

As the city has no pound, they were placed in the aforesaid lot. It chanced that the officer failed to notify the owners of what they had done, and the owners, being unaware of why the cows were trespassing on their property, promptly turned them all out this morning, when they found them there.

The officers were a disappointed set this morning when they went after the captive cows, and found nothing.

TOBACCO MEN.

The following well known tobacco men were registered at the New Richmond house today:

Jas. A. Herring, Bandana.

Z. C. Graham, Grahamville.

Col. Tom Myles, Mayfield.

P. A. McCuen, Lynaville.

S. C. Wilson, Farmington.

W. L. Whitnell, Murray.

J. C. Rivers, Maxon's Mill.

L. L. Stevenson, Hinkleville.

R. B. Simmons, Pinhook.

T. J. Stahl, Pinhook.

These gentlemen attended the tobacco sales here today.

MARRIED AT METROPOLIS.

Mr. Golden Green and Miss Etta Down, of Calvert City, eloped last night from home, and drove to Metropolis Landing, where they were married this afternoon at the Copeland hotel.

They left at once, and arrived here late this afternoon en route home. Both are well known young people, and have many friends in that locality.

Can only talk about building a correct and up-to-date bicycle. But the Excelsior Bicycle Works was the first and are the only people in Paducah today that ever manufactured a complete, high-grade bicycle in Paducah, the only people that ever put a white enamel on a bicycle frame, others have tried but they failed. It is the verdict of the best known riders in Paducah that the Excelsior is the prettiest, speediest and most durable bicycle that whirled.

When good riders pay for bicycles they ride the best. The following speedy, fearless and daring riders, will pedal the Excelsior to victory this season:

Benny Hobson, the undisputed junior champion of Paducah.

Eddie Toof, the promising star of 1895.

Owen Tully, the fast pace-maker.

Rich Helsey, Walter Wilkins, Billy Orr and others.
